Who we are and what we do

We are Warrina Services.

We make sure that people with a disability have the support they need.

Support can be in the persons home or in the community.

This is our strategic plan for the next 5 years. It says what we are doing to make sure that people with a disability have meaningful lives; have choice; and are valued members of their community.

We assist people with a disability to be involved in their community.

We assist people with a disability to have the support to live in the home of their choice.

We will do this by assisting the person with a disability to:

- be valued community members.

We will also teach and support the community to be more accepting of people with a disability to allow people with a disability to reach their goals.
